

Centerville School NEWSLETTER

January 11, 2019

TIGER CODE - *Be Kind *Be Honest *Do Your Best *Care for Each Other

THANK YOU - The School Facilities Task Force Committee appreciates your input and thanks all families for returning the recent survey. They will be working over the next several months in developing a comprehensive plan to present to the Board in July.

EARLY RELEASE - Wednesday, January 16, school will dismiss at 11:45 AM. Early release allows time for teachers' professional development and this month is focused on science.

ESSAY CONTEST - In recognition of Citizenship Day, students will be composing essays on "What Makes a Good Citizen?" Winning essays will be read aloud on Citizenship Day, January 16, when students and staff gather in the gym at 8:00 AM for presentations. Families are always welcome to join us as we applaud our Centerville students.

SAFETY DRILLS - Did you know our students and staff practice safety drills each month? Drills are scheduled throughout the year to train for earthquake, fire, and lockdown procedures. We hope that as we practice these safety drills, students become comfortable with the specific rules and procedures and will be ready if a real emergency occurs.

END OF QUARTER - Friday, January 18, marks the end of 2nd quarter and the completion of 90 school days! Students are reminded to have all *assignments, re-dos, and library books* turned in by Friday. Report cards will be sent home with students on January 24.

LITTLE LEAGUE - Goldendale Little League signups are January 7th to February 15th. Registration forms are available at McCredy's Store or go to the Goldendale Little League Facebook page and click on the link to register online.

REMINDERS - Superintendent Varkados sends these reminders to Parents of Centerville School: Please make sure to read the calendar/student handbook and newsletters, ask your child for flyers from school and listen fully to the phone messages that are sent home. Please continue to help your child arrive to school on time and come prepared every day. If you move or change your phone numbers, please notify the school office, so that we can update your information. Please continue to ask your child what their learning objectives were in their classes. Please review daily work, planners and folders each day. Email or call your child's teacher if you have questions or concerns. Teachers' email addresses are available in the front office. As we begin this last half of the school year, please ensure that you continue to stay focused on your child's success! We are in this together...helping them make college their plan!
